

AYUSH SATHWARA

JUNIOR FRONTEND DEVELOPER | BCA STUDENT

Ahmedabad, Gujarat | +91 XXXXX XXXXX | yourmail@gmail.com | GitHub | LinkedIn

PROFESSIONAL SUMMARY

Motivated BCA student with hands-on experience in HTML, CSS, JavaScript, Bootstrap and responsive web development. Experienced in building academic and practice-based web projects, implementing responsive layouts, debugging UI issues, and collaborating through Git and GitHub. Seeking a Junior Frontend Developer opportunity to apply my skills and gain practical industry experience.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, Bootstrap, Responsive Web Design

Programming & Backend: JavaScript, PHP Basics, MySQL Basics

Tools: Git, GitHub, Visual Studio Code, Chrome DevTools

Other: UI Development, Website Debugging, Cross-Browser Compatibility, GitHub Collaboration

PROJECTS

Apollo BCA Attendance System — Frontend Developer & Team Lead | Academic Team Project

- Developed the frontend structure of a web-based BCA Attendance Management System for students, faculty and parents.
- Designed and implemented login, dashboard and timetable interfaces using HTML, CSS and JavaScript.
- Created responsive layouts for desktop and mobile screen sizes.
- Used Git and GitHub to manage project files and coordinate development within a 4-member team.
- Worked on debugging and improving UI issues during development.

Technologies: HTML5, CSS3, JavaScript, Git, GitHub

Roadvi Website — Responsive Frontend | Practice Project

- Built responsive website sections using HTML, CSS, Bootstrap and JavaScript.
- Developed navigation, hero/video section, service cards, testimonials, FAQ and footer sections.
- Applied Bootstrap breakpoints to improve the layout across desktop, tablet and mobile screen sizes.
- Identified and fixed spacing, alignment and responsive design issues.
- Combined Bootstrap components with custom CSS to achieve the required design.

Technologies: HTML5, CSS3, Bootstrap, JavaScript, jQuery

Responsive Agent Card / UI Practice Projects

- Recreated modern website components from reference designs to improve practical frontend development skills.
- Practiced Flexbox, responsive layouts, Bootstrap utilities, spacing and component-based UI design.
- Focused on writing clean HTML/CSS and solving layout issues independently.

EDUCATION

Bachelor of Computer Applications (BCA) — Apollo Institute of Computer Application, Gujarat

Currently pursuing — Semester 3

KEY STRENGTHS

Problem Solving • Debugging • Team Collaboration • Quick Learning • Attention to UI Details • Git & GitHub Workflow • Practical Project Development

CAREER OBJECTIVE

To start my career as a Junior Frontend Developer where I can use my knowledge of HTML, CSS, JavaScript and modern web development tools to build user-friendly websites while continuously improving my technical and problem-solving skills.

DECLARATION

I hereby declare that the information provided above is true and correct to the best of my knowledge.
